Teaching Artist Review

It was great having you visit with us here at the Marion County Juvenile Detention Center. The residents felt as if you were very down to earth. You were so gracious to let some of our residents hold and attempt to play your violin. Some of them had never held a instrument before. -Chanel Parker, Program Supervisor

Program Description

Students will be introduced to jazz, funk, blues, Latin, and Cajun styles of music played on electric violins, keyboards, percussion, electric bass, and drums. This program includes exciting student interaction and audience participation.
